Personal Profile

· With 3-4 years of active coding experience, I have been developing projects as a Full Stack Developer. Over the past 2 years, I have specialized in Java and Flutter/Dart within the projects I've been involved in, actively working as a Full Stack Developer. I utilize technologies such as Java (Spring, Hibernate, JDBC, OOP, JPA, Swing) and Flutter/Dart (Provider, RiverPod, Bloc) in my projects. I am committed to keeping my projects up-to-date by continuously learning new technologies and improving my skills.

Experience

FULL STACK DEVELOPER | XINERJI SOFTWARE | NOVEMBER 2021 – NOVEMBER 2025

· I used **Java (SpringBoot, Hibernate, JDBC, OOP, JPA, MVC, Postgres, Jira, RestApi)** for backend development and **Flutter/Dart (Provider, RiverPod, Firebase)** for frontend development. I designed the backend using **SQL** databases and made performance-based optimizations to create a more efficient working environment. For the frontend, I worked with **REST API**s

FULL STACK DEVELOPER | FREELANCE | APRIL 2021 - CURRENTLY

· I have developed personal projects using **Java and Flutter/Dart**, handling both the backend and mobile parts of the applications. In these projects, I utilized technologies such as **Java (Spring, Hibernate, JDBC, OOP, JPA, Swing) and Flutter/Dart (Provider and RiverPod)**. These experiences expanded my technical skills and knowledge. To further improve my projects, I pursued additional training in Java and successfully completed projects in this language. In addition to my university education in **PHP**, **WordPress**, **Java**, and **SQL.** I actively continue freelancing, which provides me with opportunities to learn new technologies and further enhance my skills.

MUĞLA SITKI KOÇMAN UNIVERSITY| INTERN | JANUARY 2017 – JANUARY 2019

· While continuing my education, I actively participated in school projects to ensure both academic success and career development. During my internships, I enhanced my skills in Java, PHP, WordPress, and SQL.
